Your question:

What are 6 ways to look confident in your presentation ?

```
{
  "default_session" :
  "InMemoryChatMessageHistory(messages=[HumanMessage(content='What are 6 ways to look confident in your presentation ?', additional_kwargs={}, response_metadata={}), AIMessage(content='According to the article, 6 ways to look more confident during a presentation are:\n\n1. Make eye contact with the audience.\n2. Use confident body language, such as standing up straight and avoiding fidgeting.\n3. Smile and maintain a positive facial expression.\n4. Speak clearly and at a moderate pace.\n5. Use gestures to emphasize points, but avoid overdoing it.\n6. Avoid filler words like "um" and "ah."', additional_kwargs={}, response_metadata={}, tool_calls=[], invalid_tool_calls=[])])"
```

Assistant: According to the article, 6 ways to look more confident during a presentation are:

1. Make eye contact with the audience.
2. Use confident body language, such as standing up straight and avoiding fidgeting.
3. Smile and maintain a positive facial expression.
4. Speak clearly and at a moderate pace.
5. Use gestures to emphasize points, but avoid overdoing it.
6. Avoid filler words like "um" and "ah."
